

Malaika \ Women Playing World Music

Malaika Trio is an ensemble of three vibrant Israeli female - Liron Meyuhas, Roni Parnass & Yael Sharoni.

Malaika's performance consists of original music inspired by West Africa and the Middle East. It combines a stage full of beautiful instruments from all over the world, with strong presence of West African instruments and inspired melodies. These include the West African Balafon, the European Hang, the Ngoni – West African Harp, and plenty of Latin, African & Middle Eastern percussion.

Delicately built as an uplifting musical journey, Malaika's performance begins soft with magical melodies, develops into upbeat warm grooves and rhythms, and peaks with an organic session of the original, most primal & powerful source of Trance – African tribal drumming.
