Liron Meyuhas \ Solo Act

Liron Meyuhas solo act is a multi cultural musical performance, where influences of world wide years of travel are expressed through music and rhythm. The show combines traditional rhythms and cutting edge modern day sounds, and consists of my original music as well as tributes for musicians who inspired me along the way.

This performance is an exciting way of being introduced with various exotic musical instruments: the swiss "Hang", Senegalese "Kalabash" drum, Arabic "Riq" frame drum, a Guitar and a loop machine- used for bringing all of these pieces together and creating a one woman orchestra.

Texts are sung in English, Portuguese, Italian and Hebrew. Personal and historical anecdotes regarding the instruments are shared along the show, allowing the audience not only to enjoy the music, but also to expand their horizons and trigger their curiosity.
